The Montana Department of Revenue administers more than 30 state taxes and fees; establishes values for taxable property, including agricultural land, residential real estate, commercial real estate, forest land, business equipment, railroads and public utilities; supervises the operation of the state agency liquor stores and administers the laws governing the sale, taxation, and licensing of alcoholic beverages and tobacco products; returns unclaimed property to its rightful owners; and determines how state taxes and liquor and tobacco laws apply to Indian Tribes and tribal members in Indian Country.

The Property Assessment Division is responsible for administering Montana's property tax laws, including the valuation and assessment of real and personal property throughout the state for property tax purposes. The division is responsible for ensuring that all classes of property in the state are valued uniformly and equally throughout the state. The work of the division is critical to the operation of local governments, since the resulting valuation is used annually to fund important services provided by local government, including public schools, law enforcement, fire protection, road and bridge construction and maintenance, transportation, weed control, and public assistance. The functions of the division are performed by staff statewide in four regions with offices in each of the 56 counties; the Data Management Bureau and Central Office support team are located in Helena.

Job Responsibilities

The Data Management Bureau Chief coordinates all bureau functions and planning; allocates resources, and provides direction to data systems analysis programs and projects; oversees the department's automated property valuation systems and data analysis; and manages agency GIS programs, databases, and business processes. The position reports to the division administrator and directly supervises the management analysts and GIS analysts.
